

LMCNA[®] Dog-ownership application

LMCNA is pleased to learn that you have chosen an LM as your next hunting companion. This makes you one of over 1500 hunters who had chosen an LM.

According to the feedback we received, the LM is attractive for several important reasons. Among these are the fact that behind your LM and your breeder stands a well-organized LMCNA breed club with sound performance criteria. All LM breeders satisfy these criteria prior to breeding. This LMCNA practice is encouraged and enforced through the LMCNA registry, which is the gateway into the management of our breed in North America. We encourage you to consider the substantial value that this provides to you, and also consider your role in LMCNA's continued success. LMCNA encourages you to confirm your commitment by completing and signing the form below in advance of obtaining an LM.
